Subject: 'Regulation of Retail Forex'

RIN 3038-AC61

To: CFTC

I'm a individual forex trader and are concerned about the proposal change of leverage trading forex. Forex is the worlds largest financial market and I understand the risk reward ratio in such market. It's a "world" market why would you want to restrict us on leverage, to me that would affect drastically since I use a small trading account. Let the people choose their level of risk on leverage not try to control it.

Thank You
