Subject: Regulation of Retail Forex

I am deeply alarmed about a provision in proposed regulation ID# **RIN 3038-AC61** of reducing leverage of Forex trading to 10:1.

There is nothing wrong with the current leverage. It will be virtually impossible to continue making a living with the proposed legislation. Does the government no longer care about feedback from constituents and citizens? Please remove the reduction of leverage proposal from the legislation IMMEDIATELY!!!

Very Sincerely,

John Mason
