**Subject:** Regulation of Retail Forex

---

**RIN 3038-AC61, I do not agree with 10 to 1 leverage. I am a new trader with small capital and plan on building slowly. With 10 to 1, I will not have any flexibility in my trades and all in all hurts the small player. I used to have 400:1 margin..to go down to 10:1 is outrageous.**

**Thanks**
