Subject: Regulation of Retail Forex

Concerning: RIN 3038-AC61

I am opposed to the proposal to reduce leverage on Forex trading to 10-1. This will result in many retail accounts in the United States being closed and moving off shore. I don't not use Forex as an investment vehicle, but as a speculative tool with money I can afford to lose. Do not take this financial tool away from me. You will be affecting my ability to earn a living.
