**To:** secretary <secretary@CFTC.gov>  
**Subject:** Regulation of Retail Forex

---

**The proposed rules call for restricting leverage to 10-to-1, even for the most widely traded currency pairs is ludicrous and conter productive. it serves no purposes since the rest of the worls is notr following and accounts can be simply opened over seas.**

**leave it as it is....it aint broken...no fixing required....**

*Regards,*
