RIN 3038-AC61. OPPOSED . I have been a modest forex trader for the past 5 years. If the leverage is lowered down to 10 to 1, I would not consider that viable for me. I would have to close my brokerage accounts and seek other venues that would allow me to continue trading at my current leverage level of 100 to 1. I am well aware of the risks associated with leveraged trading at the current levels and I only trade capital that I can afford to lose, with no impact to my current lifestyle. Thank you, Nat Rogers....
