David Stawick,

I don't understand Why you want to make it impositable for for most people to trade? This change would take me out of trading altogether!! I have invested time and money and am doing well, I can not aford to keep 10,000 In Margin!!

What got me in this business was the hight margins, Take that away and I am DONE HOW MANY OTHERS TOO!!!

Whose idea was this anyway???

Vincent Oreste
