Subject: Regulation of Retail Forex

To whom it may concern,

With the proposal to change leverage from 100:1 to 10:1 max, you the CFTC, are limiting our potential returns. Additionally, it is eliminating our choice to make our own decisions regarding how we trade. I am taking this opportunity to send this email requesting that you leave max leverage where it currently stands at 100:1.

Thanks you for your time and respect,
Jennet Stooke
