commenter\_subject: Regulation of Retail Forex

commenter\_comments: I am against the passage of the released public  
proposal "Regulation of Off-Exchange Retail Foreign  
Exchange Transactions and Intermediaries" which  
would limit the leverage on retail trader accounts  
to 10 to 1. This would not allow most individual  
forex traders the ability to trade. It is not up  
to you to decide the risk to an individual trader  
but for the individual to decide. Please do not  
pass this unfair proposal.
