Subject: "Regulation of RETAIL Forex "

Leverage should not be set that low and margin that high ,you will basically lose 95% of traders with those changes,makes not sense to change you are allowed to pick own leverage now ,leverage is fine right now IMO !I am against proposed changes ,if happen I will close my forex acct ASAP ! Plus thousands of jobs will be lost ,and Forex Trade shows which are all for retail traders !

STOP RIN 3038-AC61 NOW !

Forex Trader ,
Paul Mills
