Subject: Regulation of Off-Exchange Retail Foreign Exchange Transactions and Intermediaries

Dear Sir,

I strongly support your proposal of <u>Regulation of Off-Exchange Retail Foreign Exchange Transactions and Intermediaries</u>, which imposes new requirements on the U.S. Forex industry. The proposal significantly changes the leverage permitted on certain accounts and, if passed, would have a drastic effect on retail investors. In the CFTC proposed regulation, leverage in retail forex customer accounts would be subject to a 10-to-1 limitation.

This approach would prevent traders from aggressive and risky exposures in the time of loss and would give beginners more time and grants more discipline in trading the financial markets.

Well done sir thank you very mutch.
