Subject: Regulation of Retail Forex

Dear CFTC

I am not a US citizen but believe me to only think of proposing a 10:1 leverage is just insane because if you really think about it, you not even giving the "little guy" the opportunity to build himself a lifestyle he wants to enjoy and maybe studies for, to make even more money yourself quicker this route or to just have the "fat cats" involved in forex is in my opinion just outright unfair.

Regards
Heinrich
