Subject: Regulation of Retail Forex

To whom it may concern,

As a retail forex trader, I urge you to oppose any foreign currency trade rules proposed by the U.S. futures markets regulator, and the **Commodity Futures Trading Commission (CFTC)**. The proposed rulings may force my retail broker to reduce/eliminate operations in the U.S., which may lead to myself moving out of the U.S., and taking jobs with me.

As an OTC customer, I should have the right to manage and trade my own money, and should have the same advantages as other domestic markets. I ask that you preserve the current leverage levels, and oppose any amendments relating to financial derivatives and the forex trading markets.

Sincerely,

Tim
