**Subject:** Regulation of Retail Forex: RIN 3038-AC61

---

I don't know the reasoning behind the proposal to limit leverage to 1:10 but I strongly disagree with the change. I feel it would make it nearly impossible for small (less than \$10,000) traders to participate in the Forex Market. If the change goes through I like most other small investors would be forced to find an alternative offshore.

Sincerely,

Howard Prestidge
