---

Mr. Secretary,

I am writing to state my concerns about RIN 3038-AC61. This proposal would harm me as a retail trader and would greatly increase my risk as a trader. Further, the proposal would benefit no one in the retail trading world. If you think I'm mistaken I'd love to hear a transparent, cogent explanation of your reasoning. Otherwise, this proposal looks to be corrupt and serving of interests other than mine. I doubt you want to appear to serve the interests of oligarchical banking and governmental quislings. This proposal tends to create such an impression.

Sincerely,

Jim Wallace
