That is the most ridiculus proposal I have ever seen. What the hell wrong with you, Government? Why the hell can't you leave a regular folk like me alone. Please do not change the 100:1 ratio. If you are afraid because you think that I will loose all of my money when the margin is 100:1. Then, I can tell you right now don't worry because I want to loose all of my money when the margin is 100:1. Get your hands off that one, it is mine.

Again, Please do not change it.
