Subject: 'Regulation of Retail Forex'

RIN 3038-AC61

Dear CFTC secretary

I respect the CFTC for looking after social interests however I do not agree that the 10:1 leverage is the way to solve the problem. Implementing that specific regulation will not be good for the retail forex industry in the US. As with the other requirements such as transparency and disclosure statements, I believe these are all great steps.

Thank You
