**Subject:** Leverage change

---

With the leverage lowering to 10:1, Brokers, Trainers and traders will be badly affected. Brokers will not be able to maintain their business which will eventually result an increase of unemployment rate. Trainers may be out of business.

Many traders will find it difficult to trade under such conditions and will likely invest their funds in other countries. This move will not be good for the U.S. economy.

I hope the leverage should be maintained to 100:1

With Regards,  
Lai Yat Kong
