Subject: Fwd: Voice Your Opinion on the CFTC's Proposed Leverage Change

Dear Sir,

Pardon me for being harsh. I think you guys should use your brain instead to check on unregulated brokers instead and those brokers that are giving the forex market a bad name by not executing the orders correctly or worse still fraudulently.

If you decrease the leverage it will create more of those "fly by Night" kinda brokers elsewhere to entice the retail players with high leverage. Please don't do this. Although your intention is good, but we/i think the retail trader knows what they are doing, after all it's their money not YOURS!!! MORON!!!

regards,
Keith

Dear valued FXDD clients,

We wanted you to be aware that The U.S. Commodity Futures Trading Commission (CFTC) is seeking public comment on proposed regulations concerning retail Forex trading.

PLEASE NOTE: FXDD Malta customers will not be affected by these proposed changes, but are still encouraged to voice your opinions.

According to the CFTC, "**leverage in retail Forex customer accounts would be subject to a 10-to-1 limitation,**" which means **10:1 leverage would be the maximum amount allowed for Forex traders in the U.S.**

VOICE YOUR OPINION NOW

Should you feel strongly about the proposal, **there is still time for you to help determine the outcome.** The deadline for public comment is March 22, 2010. Make your opinion heard by sending comments directly to the CFTC at: secretary@cftc.gov (please CC: cftcfeedback@fxdd.com)

Please include '**Regulation of Retail Forex**' in the subject line of your message and the following identification number in the body of the message: **RIN 3038-AC61.**

You can also submit your comments by any of the following methods (include above ID number):

Mail: David Stawick, Secretary
Commodity Futures Trading Commission
1155 21st Street, N.W., Washington, DC 20581
Courier: Use the same address as mail above.

****All of your comments, no matter how short, will have an impact on the outcome of the proposed rule change so do not hesitate to send a brief email objecting to the reduction in leverage.****

An example of how the proposed regulatory restrictions would affect a major currency pair appears below:

Maximum Leverage under <i>Current</i> Regulations	Maximum Leverage under <i>Proposed</i> Regulations
USD/JPY	USD/JPY
1 lot (100,000)	1 lot (100,000)
100:1 leverage (one percent)	10:1 leverage (10 percent)
Margin requirement: \$1,000	Margin requirement: \$10,000

Learn more about the CFTC's proposed leverage changes and how they may affect your trading by clicking [here](#). In the meantime, we encourage you to voice your opinions to the CFTC and your local U.S. representative.
