Subject: CFTC regulation

Dear Sir, Madam,
alowe me to tell you my oponion to new CFCT regulation about laverage. I absolutely **do not agree** with this proposal. Every body who decided to trade at forex market has reached 18 years and is responsible for his acting forex trading included. In the other hand every body has a posibility to choose the laverage he want to trade. CFCTs proposal is wil not help to anyone.

Sincerely yours

Ben Kiss
