Subject: Regulation of Retail Forex

RIN 3038-AC61

From: Mary Kay Heath in Annandale, VA

The proposed rule by the CFTC requiring IB's to be guaranteed by one broker is wrong and should be rethought. Independent Introducing Brokers like Currensee Inc (NFA#0403251) provide me with a very valuable service by matching my trading cycle with the right brokerage offering. Many of the products brokers offer vary widely regarding spreads, roll cost, customer service, trading platforms ect. Customers such as myself need an independent party to research and explain the differences. I would not want the recommendations of a captive IB that can only refer me to one brokerage offering no matter what the quality of the service.
