**Subject:** Regulation of Retail Forex

---

To whome it may concern,

I strongly object to this new regulation and want this new regulation removed from your consideration. I believe it is not necessary and will kill any opportunity to make money in the online retail forex market. I think it is better if you leave the traders to decide which kind of trade they want to make, in other words it is my responsibility to choose how I trade.

Thanks  
Hussam
