Subject: 'Regulation of Retail Forex' RIN 3038-AC61.

To: secretary@cftc.gov

Hi there,

According to the CFTC, "leverage in retail Forex customer accounts would be subject to a 10-to-1 limitation," which means 10:1 leverage would be the maximum amount allowed for Forex traders in the U.S.

I think that the forex trading industry will be jeopardised seriously after the application on this new regulation due to the 10 times burden on the capital investment and disattractive return as well. Nothing will help to the growth up to the forex trading industry as well. Thank you.
