Subject: Regulation of Retail Forex

To whome it may concern,
I strongly object to this new regulation and want this new regulation removed from your consideration.I believe it is not necessary and will kill any opportunity to make money in the online retail forex market.I think it is better if you leave the traders to decide which kind of trade they want to make,in other words it is my responsibility to choose how i trade.

RIN 3038-AC61

Thanks
Hussam
