**Subject:** Regulation of retail forex

---

## Dead Men Tell No Tales

Dear Secretary,

I am totally opposed to the proposed legislation to limit leverage to 10-1 in retail forex trading. This is my BUSINESS, how I make a living, and the proposed regulation would put me OUT of business.

I am certain that the same is true for thousands of other professional forex traders.

Please do NOT enact this proposed regulation.

Respectfully,  
Jack Maverick
