Subject: The CFTC proposal to restrict leverage across the board to 10 to 1 leverage, you may

I disagree with the CFTC proposal to restrict leverage across the board to 10 to 1 leverage.

The big dogs hate to see the little man make it. For capitalism to work, you must have people to capitalize on. When to many of the little foke begin to start making it, the rules are changed to keep the wealth in the top 2%.

and bet your bottom dollar I will go offshore to find a broker that will allow higher leverage.
