Subject: new proposed regulations

Dear Secretary Stawick:

Warm greetings. Please carefully consider all the negative consequences of changing the FOREX trading rule to a very limiting 10:1 ratio instead of 100:1. This change will virtually put FOREX traders like me out of business, as I do not trade with large accounts. This change will hurt the U.S. economy, driving tens of thousands of traders out of business in the U.S. resulting in substantial losses of revenue to the U.S. economy. I urge you to say "NO" to this proposed change. Thanks so much for your consideration. Best Regards, Bill Brown
