Subject: The 10:1 leverage limitation

Dear Sir/Madam,

I had been trading with 200:1 level since 2000 in the forex market for living.

Until now, the world economics are going to unstable and I have hard time to make a living in USA with 100:1 level on forex market and I am planing to move my fund aboard in the near future if it is necessary.

Yours Sincerely,
Paiboon Langlongstit
