Vote no on RIN 3038-AC61

Why you ask?

- 1) This is my money. I can invest it as I see fit. Are you going to do this to Las Vegas?
- 2) What leverage are the Big Banks (your buddies) using? I bet it is much higher than 10:1 ??

Please quit trying to force money into the big funds, big banks and let the UK, Canada and Hong Kong lead the currencies' markets.
