To whom it may concern,

Do you consider me an idiot? Do you think I can't manage my own money? So, now I'm stupid and need protection from myself from people like you. It is an outrage and an insult. I am a liberal democrat and even I can see the insanity of this plan. If this plan is implemented, it just means that I am going to look elsewhere to trade and if you think that elsewhere is going to be in the United States, you can have two more guesses. Are you trying to bring about an end to retail forex?

I urge you to reconsider this foolhardy proposition. If it goes through, I believe it's going to cause more harm than good to traders and the forex industry as a whole.

Thank you for your consideration in this matter,

Christina Marshall
