CFTC Comments

Dear CFTC Comments:

I strongly support the CFTC's Proposed Federal Speculative Position Limits that will reestablish speculative position limits on major energy commodities. The CFTC must quickly approve a strong rule to protect America's struggling economy.

Our tax dollars were used to bail out large Wall Street firms when they were on the brink of bankruptcy. It is these same institutions who gamble on oil and who continue to profit at every American's expense.

I urge the CFTC to adopt the Proposed Federal Speculative Position Limits before volatile fuel prices further harm the country's already weakened economy.

Sincerely,

Joan Delman
