Subject: Regulation of Retail Forex

To Whom it may concern,

My name is Denise Cerniglia and I trade the forex market. I would like to go on record stating that I am against your proposal to reduce the leverage that we currently have in this market. I trade with money I can afford to lose and I ALWAYS trade with a stop loss in place thereby limiting my losses. I fully understand leverage and my broker (MB Trading) made sure when I opened my account that I was aware of the risks involved.

I do not want the government to baby-sit my trading, I am an intelligent adult and taxpayer for many, many years. The people that I know who trade the forex market are also very aware and knowledgeable about leverage.

If you want to protect people going into the forex market as a way to "get rich quick" trust me they will find another way.

I would appreciate your consideration and I would hope that the US Government would not interfere with my trading.

If you have any questions please feel free to contact me.

Respectfully,
Denise Cerniglia
